## About Us

Our partnership company, Aaron Automation, was founded in the year 2017 in Ahmedabad, Gujarat, India. We are a prominent supplier and trader of a variety of Schneider PLCs, HMIs, etc. After thorough market research, we source these products from the most reliable and well-known vendors. In addition, we provide these products at fair prices and deliver them on schedule. Under Mr. Vashisth Patels (Partner) leadership, we have amassed a sizable clientele across the country. Customers can avail products such as Delta DOP-W Series Touch Panel HMI - Human Machine Interfaces, Delta DVP Series PLC, Delta Servo ASD-A2 Series Motor And Driver, Schneider ATV12 AC Drives, etc. that are widely demanded because of premium quality.

It gives us immense pleasure to see that buyers throughout the market choose us to make the purchase of the mentioned goods. Right from the very first deal one, we have attained optimal client satisfaction and earned the loyalty of esteemed buyers. We are constantly trying our level best to improvise and constantly climb on the ladder of success. To avail products from us give us a call on the provided number or visit us at our podium and place your order.

## Why Us?

We have established a reputable position for ourselves in this field thanks to our competence in it and the steadfast backing of our vendor. We have gained praise from clients across the country for a variety of reasons, including:

- ✿ Reliable vendor base and wide network reach
- ✿ Premium quality product range
- ✿ Fair business policies and affordable prices

## Our Infrastructure

We have a huge infrastructure that is outfitted with the most modern amenities. The infrastructure section is run by a group of knowledgeable employees. They make sure that the goods are delivered to our valued customers in a timely and safe manner. Additionally, it is divided into a number of compact sections where the products are securely kept. Our facility is furnished with all the most recent and modern equipment that results in the production of Delta DVP Series PLC, Delta DOP-W Series Touch Panel HMI - Human Machine Interfaces, Schneider ATV12 AC Drives, etc.
